

# Michigan's Hunting Tradition... *Pass it on!*

*Does your young hunter have the right size firearm?*

Mentored youth hunting regulations require that mentors ensure the hunting device is properly fitted and appropriately suited to the youth hunter.

This event will give young hunters:

- a chance to try a variety of firearms and get fitted with help from gun experts and conservation officers
- a free t-shirt for attending, and a chance for a free hat if they come back to the range to practice shooting

## Demonstration Days for Mentored Youth Hunters at DNR Shooting Ranges

September 11 from 4 to 8 p.m.  
at Pontiac Lake Shooting Range in Waterford

September 18 from 4 to 8 p.m. at  
Sharonville Shooting Range in Grass Lake

September 19 from 4 to 8 p.m. at  
Rose Lake Shooting Range in Bath

This project is supported by the National Shooting Sports Foundation's Range Partnership Grant Program.
